

Immunizations – 2023-2024

Every student needs an up to date immunization record in their permanent records. If you have any updates in the past year, we need a new record from doctor. Please bring them on Registration Day, August 5.

Kindergarten students need proof of ***a doctor's exam*** and they also need an immunization record to put in the file showing that they have all of the required immunizations for the start of school. They also need proof of ***a dental exam***.

(Parents of kindergarten students, please ask your doctor and dentist for documentation that you have had these exams.)

7th grade students – The Ohio Department of Health requires all 7th graders to have a Tdap vaccine and a Meningococcal vaccine. You will need proof from your doctor's office that you have them.

All of the above requirements should be taken care of prior to the start of school. Please submit all medical records to Ms. Stewart at the registration table or in the school office. If you have a doctor's appointment scheduled soon after school starts, please report that to Ms. Stewart also.
